

Consumer Information
Medical Billing and Coding Diploma Program

Federal Regulations require that the College provide the following Consumer Information.

The information below is based on current and historical data and does not constitute a guarantee of future performance in any of these areas.

The following Consumer information disclosures represent general program information, as required and defined by Federal Regulations. However, in each area this information may vary for individual students based on their specific circumstances and their campus location.

Occupation: The Medical Billing and Coding Diploma program of study is designed to prepare students for the types of occupations listed below. The occupations listed are based on federal government information and represent the types of positions for which the program generally prepares graduates.

[Medical Records and Health Information Technicians](#) SOC Code 29-2071.00

Completion Time: The reported completion time for this program, assuming continuous, full-time enrollment.

This program is designed to take 9months, over 3 terms to complete.

Note: The length of the program will vary based on individual circumstances such as choosing to attend less than full time, failing or retaking a course or courses, changing programs, or choosing to take a greater than full-time course load.

Completion Rate: The percentage of students who complete this program within the above stated time frame.

Not Reported (fewer than ten completers)

Note: The completion rate is calculated based on the cumulative results of students at all locations that offer this program, who completed between July 1, 2012 and June 30, 2013. The completion rate is calculated using the formula provided by the U.S. Department of Education. It may not include all graduates who actually graduated from the program within the maximum allowable timeframe, which is 150% of the completion time stated above. Programs with less than ten completers will not show a percentage to protect the privacy of the limited number of students being reported.

Placement Rate: The job placement rate for students completing the program.

100%

Note: The job placement rate listed above is calculated based on the cumulative results of graduates from all of the College campuses that offer this program.

This data, as reported to Accrediting Council for Independent Colleges and Schools (ACICS), includes graduates/completers who complete their training between July 1, 2012 and June 30, 2013 and who were reported as placed on or before November 1, 2013.

Some students are excluded from this calculation because of one of the following reasons: unavailable for placement due to pregnancy, death, or other health-related situations, continuing education, military service, or who are not eligible in the United States due to visa restrictions. The College makes no promise or guarantee of employment.

The College makes no guarantee of employment, nor it is representing or guaranteeing that its graduates have obtained these positions or that any future graduates will obtain these positions.

Median Loan Debt: The median loan debt for program graduates is as follows, by funding source.

Federal loans: \$9,310.00

Private educational loans: None

Institution financing plan: None

Note: The median loan debt for Federal loans is calculated based on students who graduated between July 1, 2012 and June 30, 2013, using the formula provided by the U.S Department of Education. Private educational loan data are based only on information reported to the College. The College does not provide institutional financing.

Program Cost: The amount quoted reflects the maximum amount of tuition and fees that have been charged for this program during the 2012-2013 award year.

Tuition and fees: \$16,150.00

Books and supplies: Included

On-campus room & board: Not offered

Note: This is the tuition for a full program of study and does not take into account individual circumstances that may affect the total cost of the program, such as: transfer credits, course failures, and price changes. Books and supplies are included in the tuition. The amount quoted above may be different than the tuition and fees in effect at your particular campus. Tuition and fees are subject to change at the discretion of the College. Please contact the campus staff for the most current and accurate tuition and fee information available.

Various factors may change the cost of a program, the time to complete the program, or the amount of debt that an individual may incur in order to complete the program. These may include, but are not limited to, acceptable transfer credits, eligibility for grants or scholarships, and course failures.
